Correction: Sefer et al: Effects of Renal Transplantation on Hearing and Ocular Changes in a Monozygotic Twin with Alport's Syndrome: Comparison with Other Twin on Hemodialysis

To the Editor: In the article by Sefer et al "Effects of renal transplantation on hearing and ocular changes in a monozygotic twin with Alport's syndrome: comparison with other twin on hemodialysis", published in the Croatian Medical Journal (1), my last name was misspelled. As this misspelling causes problems with the retrieval of the articles I co-authored from bibliographical databases, the correct information on the article should be: Sefer S, Tropic R, Lacmanovic V, Degoricija V, Ratkovic-Gusic I, Kes P. Effects of renal transplantation on hearing and ocular changes in a monozygotic twin with Alport's syndrome: comparison with other twin on hemodialysis. Croat Med J. 2000;41:203-6.
