

**UNIVERSITY OF SPLIT
SCHOOL OF MEDICINE**

announces

OPEN CALL FOR

**ENROLLMENT INTO THE UNIVERSITY DOCTORAL (PhD) PROGRAM
“TRANSLATIONAL RESEARCH IN BIOMEDICINE (TRIBE)”
in academic year 2020/2021**

Enrollment requirements:

Completed university degree from the field of biomedicine and health, biotechnology, natural sciences, social sciences, and other related sciences.

Candidates need to submit the following documents:

1. Original or a certified copy (certified by a public notary) of academic qualification
2. Proof of proficiency in English language
3. Official grade transcript in original, issued by the higher education institution
4. CV
5. Motivational letter (with description of your scientific interest and plans for the thesis)
6. Proposed protocol and timeline for at least two separate, but related studies, by using the application form available [here](#).

Candidates who had completed their prior education outside of Croatia need to apply for the academic recognition of the foreign qualification before enrollment. This procedure is conducted by the University of Split and their Committee for Recognition of Foreign Higher Education Qualifications.

Number of available positions: 15

Annual tuition fee: 16000.00 HRK (program duration: 3 years)

When foreign students are enrolled, professors teach in English language.

Deadline for submission of applications: September 30, 2020

Applications need to be submitted to the following address:

University of Split School of Medicine
Office for graduate studies (application for the TRIBE program)
Soltanska 2
21000 Split
Croatia
