

## **Obstetrics and Gynecology**

The course takes place at the new building inside the University Hospital Split and in Hospital in Šibenik.

In both places they are held at the Emergency hospital admissions for Gynecology and Obstetrics and in the Delivery Room

The students will be in two member group so the maximum of the practical knowledge could be achieved.

Organization and schedule of groups should be made in coordination with year representative.

During one day only one 4 hour shift can be employed (8-12, 12-16, 16-20, 20-24).

For any questions, any changes in schedule contact
