Pri izradi skupine, tražit će od vas da dodate studente i predavače. Prvo dodajte predavače (Teachers). Postupak dodavanja studenata objašnjen je nakon toga. 😳

Sada bi vaša nova skupina na MS Teams trebala izgledati ovako:

Dodavanje studenata

Studenti će se na predmet dodati sami, pomoću šifre koju ćete izraditi i poslati im. Kako bi bili sigurni da će šifru dobiti svi studenti upisani na predmet, šifru možete postaviti na Moodle platformu.

Ovaj kod možete proslijediti studentima koristeći Moodle Merlin platformu.

Kako se student pridruži?

Na početnoj stranici MS Teams-a, osim opcije izrade nove skupine, postoji i opcija 'Join team with a code'.

Tu student upišu jedinstveni kod vašeg predmeta.

Kako pripremiti predavanje?

Postoji više načina za pripremu predavanja, a mi ćemo pogledati kako to napraviti izravno iz vašeg predmeta.

Vaša zakazana predavanja će biti prikazana u kalendaru, kojem možete pristupiti putem ikonice sa lijeve strane ekrana u MS Teams. Putem kalendara možete i dogovarati nova predavanja.

Vratimo se na početnu stranicu vaše skupine...
