## Programme

| <b>Wednesday, 25 May 2016</b> |  |
|-------------------------------|--|
| 09:30                         | Registration   |
| 10:00                         | <b>Welcome by COST</b>   |
|                               | <b>Christer Halén</b> Senior Administrator Science Operations, COST Association  |
| 10:10                         | <b>What is COST and how does it work?</b>  |
|                               | <b>Christer Halén</b> Senior Administrator Science Operations, COST Association  |
| 10:30                         | <b>What are the COST Actions and how to participate in them?</b>   |
|                               | <b>Christer Halén</b> Senior Administrator Science Operations, COST Association  |
| 11:00                         | <b>How to prepare a successful proposal?</b>   |
|                               | <b>Christer Halén</b> Senior Administrator Science Operations, COST Association  |
| 11:30                         | Coffee Break   |
| 12:00                         | <b>What is the added value and impact of participating in a COST Action? Examples of experience and best practice from COST Actions Representative</b>   |
|                               | <b>Prof. Renato Tomaš</b> MC Delegate, COST Action CM1206 'EXIL – Exchange on Ionic Liquids'   |
|                               | <b>Dr Katja Žanić</b> MC Delegate, COST Action FA1204 'Vegetable Grafting to Improve Yield and Fruit Quality under Biotic and Abiotic Stress Conditions' |
| 12:30                         | <b>National participation in COST Actions, national support measures and nomination procedures</b>   |
|                               | <b>Damir Jeličić</b> COST Country Representative for Croatia   |
| 13:00                         | <b>Final Question and Answer session</b>   |
| 13:30                         | End  |

## About COST

COST (European Cooperation in Science and Technology) is a pan-European intergovernmental framework. Its mission is to enable breakthrough scientific and technological developments leading to new concepts and products and thereby contribute to strengthening Europe's research and innovation capacities.

It allows researchers, engineers and scholars to jointly develop their own ideas and take new initiatives across all fields of science and technology, while promoting multi- and interdisciplinary approaches. COST aims at fostering a better integration of less research-intensive countries to the knowledge hubs of the European Research Area. The COST Association, an International not-for profit Association under Belgian Law, integrates all management, governing and administrative functions necessary for the operation of the framework. The COST Association has currently 36 Member Countries.
