

Unit 12: Cerebellum, diencephalon and central pathways in the CNS

Seminar & practical 12: Cerebellum, diencephalon and central pathways in the CNS

- General organization of cerebellum and its division: An@tomedica, **head** module-systems-frames: 43 and 44

General organization of diencephalon and its division: An@tomedica, **head** module-systems-frame: 45

-Organization of descending (motor) and ascending (general sensory) pathways in CNS: An@tomedica, **head** module-systems-frames: 50 and 51
