

Associate Professor Katarina Vilović, MD, PhD

*katarina.vilovic@mefst.hr*

Born in Split, Croatia, Associate Professor Vilović graduated (1993) and obtained her Master Degree (1999) at the University of Zagreb, School of Medicine. She got her PhD at the University of Split, Department of Anatomy, Histology and Embriology (2002). Dr. Vilović has been working at the University of Split, School of Medicine since 1993. She has held positions as Young Assistant (1993-1999), Assistant (1998-2003), Assistant Professor (2003-2009) and Associate Professor (2009-) at the Department of Anatomy and at the Department of Neuroscience. She received scientific training at the Department of Pre-Clinical Sciences, Medical School, University of Leicester Max-Planck-Institut fur Biologie, Abtailung Immungenetik Department of Physiology, and at Northwestern University. Currently, she is teaching graduate courses in gross anatomy, clinical anatomy and neuroanatomy and postgraduate course - Biology of Neoplasm. From 2008, she has been working as pathologist at the Department of Pathology, Forensic Medicine and Cytology, Clinical Hospital Split. In 2013 she was promoted to chair of Pathology division. Research interest of Dr. Vilović includes study of apoptosis during development of axial structures in human embryos and during carcinogenesis of human cancers. She has also been involved in studing archaeological remains of the prehistory, antique and medieval populations from eastern Adriatic coast. Dr. Vilović is co-author in 20 peer-review papers. She is one of editors of the Croatian editions of Anatomical atlas Gilroy AM, MacPherson BR, Ross LM. Zagreb, Medicinska naklada, 2011.

Prof. dr. sc. Katarina Vilović, spec. patolog

*katarina.vilovic@mefst.hr*

Rođena u Splitu, K. Vilović je diplomirala je na Medicinskom fakultetu Sveučilišta u Zagrebu, Studij u Splitu 1993. godine gdje je i magistrirala 1999. godine. Doktorirala je na Zavodu za anatomiju, histologiju i embriologiju Medicinskog fakulteta Sveučilišta u Splitu 2002. godine. Na istom Zavodu radi od 1993. godine kao mlađi asistent (1993.-1999.), asistent (1998.-2003.), docent (2003.-2009.) i izvanredni profesor (2009.-) u nastavi iz anatomije, kliničke anatomije i neuroanatomije te poslijediplomskom studiju Biologija novotvorina. Usavršavala se u Department of Pre-Clinical Sciences at Medical School University of Leicester, Max-Planck-Institut fur Biologie Abtailung Immungenetik i Department of Physiology at Northwestern University. Od 2008. godine radi kao specijalistica patološke anatomije na Zavodu za patologiju, sudsku medicinu i citologiju KBC-a Split, na kojem je od 2013. godine voditeljica Odjela za patologiju. Istraživački interes prof. Vilović uključuje istraživanje apoptoze tijekom razvoja aksijalnih struktura u ljudskih zametaka, istraživanje kancerogeneze tumora čovjeka i antropološka istraživanja arheoloških ostataka iz razdoblja prapovijesti, antike i srednjeg vijeka s područja istočne obale Jadrana. U ovim područjima ima 20 znanstvenih radova. Kao urednica hrvatskog izdanja sudjelovala je u prijevodu anatomskeg atlasa Gilroy AM, MacPherson BR, Ross LM. Anatomski atlas s latinskim nazivljem, Zagreb, Medicinska naklada, 2011.
