

INTERNAL MEDICINE

The courses are held at the emergency hospital admissions for: 1) internal medicine, 2) infectious disease, 3) neurological and psychiatric diseases.

The course takes place at specific locations at the University Hospital Split:

1. Emergency Internal Medicine Admission ward: (on odd dates at locality Firule, and on even dates at locality Križine) - approximately 76% of course;
2. Emergency of Infectious Diseases admission ward (at the Dpt. for Infectious Diseases at locality Križine) - approximately 16% of course
3. Neurological and Psychiatric Emergency admission wards (together one work site, both at locality Firule) - about 8% of course.

Exercises on emergency neurological admission and emergency psychiatric admission are held combined, at locality Firule. Seminars will be held during May or June. More informations You can find in web document named Internal Medicine_Instructions for schedule.

For any questions, any changes or compensation of exercises be free to contact the course leaders « Internal medicine - rotation»:
