Poziv na predavanja:

**„Making Inferences about Effects / Statističko zaključivanje o učincima - usporedbe različitih pristupa“**

**„How to Assess a Meta-analysis / Kako procijeniti meta-analizu“**

**Predavač:**

**prof. dr. sc. Will G Hopkins**

Professor of Research Design and Statistics, Victoria University, Melbourne, Australia  
Adjunct Professor, Defence Institute, Oslo, Norway

***Predavanje će se održati u srijedu, 16.03.2016. s početkom u 11:00 sati na Ekonomskom fakultetu u Splitu, Svečani amfiteatar***

**Sadržaj predavanja:**

*Making Inferences about Effects* - magnitude-based inference and comparison with the traditional null-hypothesis test, using findings from a recently published study on error rates, decision rates and publication bias.

*How to Assess a Meta-analysis* - what a meta-analysis represents and the various mistakes that occur frequently in recent meta-analyses.
